Cabinets In Stock &
Ready To Ship!

OUR MISSION STATEMENT

At That Cabinet Company, our mission is to empower every homeowner, investor, and builder to achieve their dream space with exceptional quality cabinetry that doesn't break the bank. We are committed to delivering top-notch, affordably priced wood cabinets with soft-close features that enhance both functionality and aesthetics. Our foundation, established by our detail-oriented founder, Sharon Barnes, combines her engineering prowess, real estate expertise, and passion for design. We carry this tradition forward, crafting quality white shaker cabinets like our Dakota line, named after the family dog, to provide every customer with a warm and welcoming experience. Together, we're transforming kitchens into spaces people love, one cabinet at a time.

Thank you, from our family to yours, for choosing us. We're genuinely excited about the opportunity to work together and look forward to a wonderful partnership!

Redefining RTA

We are on a mission to redefine the Ready-to-Assemble (RTA) cabinet landscape. At That Cabinet Company, we believe that excellence should be the standard, not the exception. That's why we've set a new industry benchmark by making premium features standard in all our cabinets. From our 3/4" drawer boxes and full dovetail construction to our 4-1/2" deep drawers and extra 1/2" nailing plate, quality is ingrained in every detail.

But we don't stop there. We understand the value of convenience, which is why we've equipped all our cabinets with soft-close doors and drawers, ensuring a quieter and more elegant user experience. Our commitment to functionality is further reflected in our full-extension drawer boxes, allowing you to maximize storage space and access every inch of your cabinet effortlessly.

What truly sets us apart is our dedication to innovation. We're actively bridging the gap between RTA and custom cabinetry by introducing features previously exclusive to semi and full custom lines. Our product offerings are continuously expanding, with new additions every month. It's in our DNA to push the boundaries of what's possible in the world of cabinetry. With That Cabinet Company, you're not just getting a cabinet; you're getting a revolution in home design. Welcome to the future of cabinetry.

OUR QUALITY ASSURANCE AND MANUFACTURING EXCELLENCE:

We adhere to the highest standards in both style and functionality when designing our products. This commitment starts with the careful selection of premium raw materials, high-quality hardware, top-notch adhesives, and superior finishes. This bundle of top-grade components represents the initial stage in ensuring your long-term satisfaction.

Our second step involves a cutting-edge manufacturing process that guarantees consistent production quality across the board. We've diligently worked to eliminate waste and bottlenecks from our processes, swiftly incorporating the latest manufacturing technologies as they become available. This approach has resulted in streamlined and efficient production, enabling us to offer our products at competitive prices.

The final step in our quality assurance process entails rigorous inspections. At every stage of manufacturing, our components undergo meticulous quality checks. Upon completion, each batch of our products is meticulously compared to a control group to ensure an exact match with our warehouse inventory. These stringent quality standards are in place to provide our customers with the confidence that our products consistently meet the highest standards in construction, color, and finish.

Corner Supports:

To guarantee the utmost structural integrity of our cabinets, we incorporate metal corner supports. These vital components ensure that the cabinets remain square during installation and throughout their lifetime.

Lumber Quality:

At the heart of quality cabinets lies the choice of superior materials. We take pride in sourcing top-grade lumber, ensuring dependable quality and enduring beauty

Finish:

To enhance the beauty of our solid wood cabinets, we employ a meticulous 9-step finishing process that preserves their elegance for a lifetime. Our skilled craftsmen hand-finish the doors and face-frames with exceptional precision, resulting in a smooth, premium-quality finish.

Hinges:

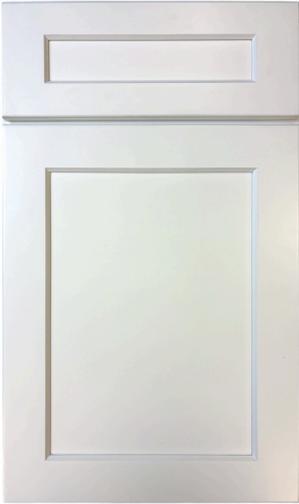

All our Dakota line cabinets come equipped with premium 6-way adjustable soft-closing hinges. These compact hinges guarantee smooth and quiet door closures, addressing concerns our customers have raised about harsh slamming experienced with other companies' cabinets. Additionally, these hinges contribute to preserving the structural integrity of our cabinets.

Soft Close Glides:

Enhancing our Dakota cabinetry, we offer premium drawer slides that effortlessly and quietly soft close with a gentle push. These full-extension drawer glides not only provide easy access to the full depth of the drawer but also maximize storage space.

Dealer Policies

- As an authorized Dealer Direct Cabinets dealer, it is your responsibility to effectively communicate our policies, product information, order details, and claim procedures to your customers. Please note the following:
 - Dealer Direct Cabinets will not disclose any information directly to dealer customers and will not be held responsible for any inaccuracies conveyed by dealers or their associates.
- Dealers wishing to sell Dealer Direct Cabinets products online must complete the Online Retail Acknowledgment form and receive prior approval before listing them for resale.
- If online resale is approved by Dealer Direct Cabinets, it is only permitted on the specified website mentioned during approval. Selling on additional websites requires additional consent from Dealer Direct Cabinets.
- Before publicly displaying your selling price, all dealers must adhere to the MAP Pricing Policy (minimum advertised price), as confirmed with your Dealer Direct Cabinets representative.
- Dealer Direct Cabinets retains the right to monitor and adjust dealer accounts to align with company standards, such as active status and eligible discounts.
- Please ensure your customers are aware of these guidelines, and if you have any questions or need further clarification, feel free to reach out to your Dealer Direct Cabinets representative.

Order Processing & Payment Policy

- All orders from Dealer Direct Cabinets approved dealers will be exclusively accepted online.
- Large quantities of a single item or larger orders may trigger a review process that will require Dealer Direct Cabinets approval before proceeding.
- Full payment is mandatory before order processing, including backorders and approved written add-ons.

Order Processing & Payment Policy continued

- Payment methods accepted include Cash, Check, Credit Card, Debit Card, PayPal, Venmo and ACH
 - Additional Fees may be incurred depending on the payment method chosen. These fees are collected by our processor and percentages are not controlled by us in any way.
- Dealer Direct Cabinets cannot be held responsible for payment methods not owned or managed by the dealer.
- Any order or modification must be submitted in writing to Sales@DealerDirectCabinets.com. Such requests are exempt from standard lead times.

Shipped Order Lead Time

- Flat-pack orders for freight shipping are processed and shipped within 3 full business days
- Assembled orders are processed and shipped within 10 Full business days

Warehouse Pick Up Order Lead Time

- Flat-pack orders for Customer pickup are processed and available for pickup within 2 Hours after order confirmation
- Assembled orders are processed and available for pickup within 5 Full business days

Rush Service Orders

- Rush services can be added to both flat-pack and assembled orders for an extra fee, which is calculated based on the website's pricing. It's important to note that all orders with rush services are subject to a review of the total item quantity. The "Rush Fee" exclusively pertains to warehouse processing time and does not affect the transit time to your specified destination.
- It's essential to be aware that Dealer Direct Cabinets retains the discretion to enable or disable assembly rush services.
- Please note that when utilizing rush services, you must select them during the checkout or the order process. If you do not make this selection, your order will not be expedited.

Rush Service Orders continued

- In the event of cancellations after the order has been picked, a 10% processing fee will be applied.
- Cancellations made after the order has been picked up will incur a 20% restocking/processing fee.
- Flat-pack orders for Customer pickup are processed and available for pickup within 60 Minutes after order confirmation

Replacements for Missing or Damaged Items

Dealer Direct Cabinets has the final authority to resolve any manufacturer warranty claims submitted. Before making commitments to the end customer, it is imperative to consult with Dealer Direct Cabinets to discuss potential solutions.

Please note that blemishes or damages that do not affect the structural integrity of a cabinet will not warrant a full cabinet replacement. Dealer Direct Cabinets retains the right to offer alternative products or components as suitable solutions.

For freight claims related to evident damage or shortages, they can only be acknowledged if they are documented on the delivery receipt. Additionally:

- Freight damage claims must be initiated within 24 hours, with no exceptions for claims lacking the required paperwork indicating damage during delivery.
- To file a claim for damage or a shortage, please email us at Claims@DealerDirectCabinets.com.
- The claim submission should include the order number, buyer's name, shipping address for replacements, a brief description of the damage or shortage (including item numbers and/or parts), and pictures of the damaged packaging and product for full replacement eligibility.
- Upon receiving the damage claim, we will review it within 48 business hours, followed by shipment of replacements within 24-48 hours.
- Expedited shipping service is NOT available for replacements and/or parts.
- All damages must be documented and reported upon opening the boxes.
- Missing items must be reported within (3) business days from the date of delivery.

Replacements for Missing and Damaged Items Continued

- Concealed damages must be reported within (3) business days from delivery.
- Items that have been assembled and installed cannot be claimed as damaged.
- **That Cabinet Company cannot be held responsible for any labor costs incurred during the installation of its products sold through any distribution channels, even if items arrive flawed or damaged in transit.**
